

SWORD SNIPER

Multifunction weapon sight

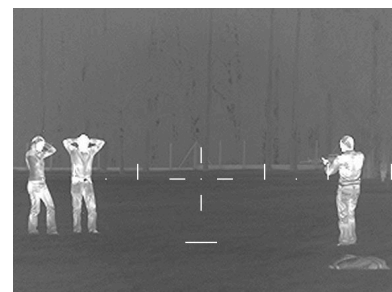

- > 3 IN 1: DAY SCOPE, UNCOOLED THERMAL SIGHT, AND LASER RANGE FINDER
- > IMPROVED TARGET ACQUISITION AND LETHALITY
- > DAY/NIGHT FIRING & OBSERVATION

SWORD SNIPER

Multifunction weapon sight

for all .308 and .338 cal sniper rifles, machine guns and RPGs

3 in 1! With more than 1,000 units already ordered, SWORD Sniper is the first sight combining day scope, uncooled thermal sight and laser range finder in a single product.

Independence: SWORD Sniper technology allows snipers to conduct day/night and all weather missions, even in solo.

Increased accuracy: The laser range finder gives the sniper precise target distances, in addition to the standard stadiametric information.

SWORD Sniper can be adapted to all .308 and .338 cal. sniper rifles, machine guns and RPGs.

Additional features

- Remote control allowing the soldier to operate his SWORD keeping targets in the line of sight.
- Advanced communication capabilities (when used with external displays):
 - Remote shooting & observation
 - Thermal images and video sequence captures
